**Main Line Animal Rescue** specializes in the rescue and placement of abused, unwanted and abandoned animals.

- Do you have any idea how many towels they go through? Well, the answer is A LOT!
- They get used over and over again, for wrapping up scared dogs and cats, medical emergencies, bathing and grooming.
- The towels are so important to so many cats and dogs that some of them sleep with a towel as a way to comfort themselves.

**Please help!**

**Thank you!**
